Success Stories

“Hey, wanted to follow up since we started posting jobs 5 days go. I just checked out stats I see **we’ve already gotten 12 applicants from RemoteWoman!** We’re super happy with the quality and can’t wait to bring on more female talent to our organization :)”

– Susan Sharp (EA, Truss)

“Thanks so much! We’ve had 26 referrals and 2 hires from RemoteWomar this past month.”

– Camala Beek (Talent Acquisition, Tawkify)

“Thanks so much RemoteWoman! Within a few days of posting, **we got some really great applicants** for our engineering team. It’s really important to our mission to bring in a diverse set of applicants.”

– Chris M. (CTO, Bernie Sanders 2020 campaign)

“Hi Jaira, I wanted to let you know that **we just hired someone** for our Customer Success team who applied through Remote Woman!”

– Barbara Dinoff (Head of People Success), Aha!

“I’m so excited! I just got offered a software engineer role at Truss Works! After 1.5 months of interviewing, I finally got it :) Thanks RemoteWoman so much for advocating for me when I needed it!”

- Noelle Barber (Software Engineer II)

“Just got a dream job offer from a job posting I found with Remote Woman. Thank you ladies! UX designer – the interview process was one of the best I’ve been through, and the role is a perfect match for my skillset. I’m so thankful for Remote Woman”

– Mallory Robertson (UX Designer)
