

Open-Source Referrals for Smarter, Faster Hiring

De-Risk Your Hiring | Reduce Costs | Save Time

Referral-Based Hiring

Exhausted from job boards flooding you with unqualified Easy-Apply applicants, wasting your team's time and slowing down hiring?

Coferrall sources candidates exclusively through trusted referrals, saving you time by ensuring all candidates are qualified and interested.

Open-Sourced

Agency recruiting too costly and limiting your talent pool? Access a broader range of candidates with Coferrall's open-sourced referrals,

Control your budget and pay only 3.5% of first-year salary plus the referral bonus of your choice.

Backed by Social Proof

De-Risk your hires through anonymous recommendations from colleagues who know your candidates best.

Feel comfort in knowing all referred candidates are anonymously identified as being in the top 10% of their colleagues' professional networks.

SEAMLESS ATS INTEGRATION

Connect your ATS in under 3 minutes.

Effortlessly post jobs and receive referrals directly into your ATS.

CUSTOMIZABLE REFERRAL BONUSES

Set what you pay when your referral is hired.

Save vs. traditional high-cost Agency fees.

OPEN-SOURCE REFERRALS

Open-source your roles to Coferrall's expert networks.

Reduce your time to hire and maximize your recruiting reach.

RECOMMENDATIONS OVER RESUMES

AI-optimized resumes can make candidates look the same.

Distinguish top talent with colleague recommendations that validate real contributions, work ethic, and impact.
