BACKGROUND CHECKS

PEOPLEG2 SWIFTID
MOBILE IDENTITY VERIFICATION

SWIFTID CHECK
Instantly validate photo IDs, driver licenses, and passports using a barcode scan and machine-readable technology.

SWIFTID SELFIE MATCH
Go one step further by using the Mobile Identity Verification Services. Use the latest AI technology to match a real ID against a live selfie photo of the applicant.

AS THE WORLD MOVES TO REMOTE HIRING

TECHNOLOGY
Utilize ID Fraud detection to scan real IDs! We've partnered to use the latest real-time AI-powered Technology to compare selfie image to ID docs.

SIMPLIFY
The user experience is simplified. No additional paperwork. Applicant info is auto-populated into the background check. Validates in seconds!

ACCURACY
Reduce fraud by locking the Applicant's legal name and DOB on the background check profile. Any flags detected will route to your QA for review.
