

Social Media Screening

Discover the Good, Bad and Downright Alarming Online Activities of Candidates and Employees

The things we do online can have a real impact on our daily, physical lives. With the help of a social media background check, you can be sure your candidates and employees aren't doing anything online that could put your organization or its people at risk. JDP's highly skilled social media analysts and industry-leading technology provide the information you need to make informed decisions about your candidates and employees.

Legally Compliant Reports

- Compliant, consistent and complete protocols & procedures for conducting screenings
- Ethical searches — we only search publicly available content
- ID verification — we use at least two identifiers to verify the online profile belongs to your candidate/employee
- Anonymous — third party won't tip off employee or candidate
- Your liability and risk are limited when you let the experts conduct screenings

Features and Benefits

- Powered by a combination of advanced technology and expert social media analysts
- Unlike competing products, this is not fully automated: our social media analysts are involved with every report
- Subject match to remove false positives — we verify your subject using at least 2 identifiers
- Invoiced per order — no subscriptions or ongoing fees
- Fast turnaround time
- Legally defensible
- Reported with historic timestamps

We rely on JDP's Social Media reporting to help our advertising clients select the best people to represent their brands. They do a great job presenting their findings in a complete, yet easy-to-digest, format.
