

# Hire the right fit, every time.

## Find the right assessment for you

### Aptitude

Evaluate a candidate's learning speed and reasoning with words, numbers, and shapes.

### Motivations

Identifies if they enjoy interacting with people, working with data, and handling things.

### Culture

Evaluates alignment between a candidate's values and organization's culture. Measures 40 different workplace values.

### Personality

Explore a candidate's behavioral tendencies and interaction style through 13 personality traits.

### Work Ethic

Predicts reliability and productivity in entry-level candidates for roles that require rule-adherence.

### Skills

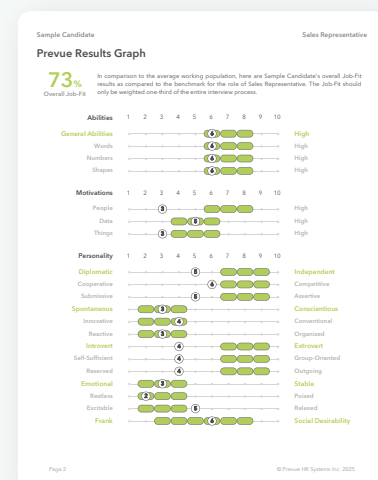

Verifies key competencies and job-specific knowledge with 500+ tests, including custom questionnaires for deeper candidate insights.

## Prevue Job-Fit Report

Get a complete picture of a candidate by combining assessments of **Abilities**, **Motivations**, and **Personality**. Compare the results to job-specific benchmarks to identify how well they fit the role.

### What you'll get:

- Overall suitability score
- Detailed descriptions and scores for 20 traits
- Targeted interview questions

# Built to achieve your hiring goals

Looking to hire reliable employees, assess critical thinking, or improve screening and retention? No matter the scale of your hiring, Prevue helps you make confident, data-driven decisions that drive long-term success.

## Reduce Turnover

Hire candidates who fit the role and are more likely to stay.

## Boost Productivity

Find driven, motivated candidates with problem-solving skills.

## Screen Faster

Quickly assess large applicant pools and focus on top talent.

## Improve Quality of Hire

Reduce the risk of bad hires by predicting on-the-job success.
